THE MYSTIC GOAT RIDDEN

Gate City Lodge Knights of the Mystic Chain

ORGANIZED HERE LAST NIGHT

Large and Enthusiastic Membership. Degree Work Exemplified—Officers Chosen—Other Work.

As announced by the papers and the Gate City Band, there was "a hot time in the old town" last night. The band, pursuant to arrangements, met at the depot and after discoursing two or three lively airs, marched up South Elm street playing "There'll be a Hot Time in the Old Town Tonight."

The occasion for all this was the organization in Odd Fellows hall of a lodge of Knights of the Mystic Chain. Supreme Organizer Summerfield, has been here for about a month, working up the lodge assisted by Mr. C. F. Bozorth. As a result of their work the new lodge now has 153 members—splendid work, speaking volumes for the ability of these men as organizers.

Last night was very disagreeable, wet and muddy, but 144 of the new members exhibited their faith and interest by attending the first meeting and answering to the first roll call. The lodge was named Gate City Lodge, No. 133, Knights of the Mystic Chain. A temporary team had been chosen by Mr. Summerfield to exemplify the secret work which is given in three degrees. Volunteers were called for and a large number responded. Only four were used, however, and the following were chosen from the number who volunteered: A. G. Stroud, first degree; Sam Browne and O. D. Boycott, second degree and J. B. Graham, third degree.

It is no violation of any pledge to say that the degree work in this order is superb, and beautifully impressive, and the work last night was highly interesting notwithstanding the fact that the team had seen the rituals for the first time only a few hours before.

The Knights of the Mystic Chain starts off well in Greensboro. The charter will remain open until the next meeting and others who desire to do so can get in under the charter terms. It is a benevolent order, and gives benefits in the nature of free medical attention, accident insurance, which Mr. Summerfield will be glad to explain to any who may be interested.

The lodge which was organized last night is composed of good men, successful business men, who know a good thing when they see it and who will make this one of the strongest lodges in the state.

After the initiatory work was exemplified officers of the lodge for the ensuing twelve months were chosen. They are as follows:

Commander—Major Z. V. Taylor.
Past Commander—R. W. Murray.
Vice Commander—Dr. R. L. Rieckson.
Chaplain—Rev. W. L. Grissom.
Recorder—R. M. Phillips.
Marshal—W. E. Phillips.
Guard—Sam Browne.

Scribe—J. R. McClamrock.
Musicians—Gate City Band.
Trustees—A. H. Alderman, J. M. Reece, W. I. Underwood.

Committee on By-Laws—R. W. Murray, Dr. Rieckson, Rev. W. L. Grissom.
Committee on Location—R. M. Phillips, Dr. Thames, A. W. Vickery.

The matter of having a ladies social entertainment at an early date was discussed and referred to the following committee with instructions to make arrangements for such entertainment: L. C. Howlett, R. M. Phillips, A. H. Alderman, M. T. Edgerton and T. B. Ogburn.

The committee on location is appointed for the purpose of securing a permanent meeting place for the lodge. The members last night were full of enthusiasm and there is every reason to believe the lodge has a bright future ahead of it. Supreme Organizer Summerfield is to be congratulated on the work done here so far.

Long live the Knights of the Mystic Chain!

MORE ADDED ON.

Train Master Williams Division Larger Now Than Ever.

Announcement was recently made in some of the papers that there had been a change in Train Master Williams' division of the Southern Railway, by which the portion of the division from Selma to Norfolk had been given to another man and that he had been given the Moxville-Mooreville division.

We have it from reliable authority that the only change yet made is the adding on of the above mentioned division, which gives Mr. Williams considerable more miles of railway under his supervision. This gives him a very large division to look after, and keeps him on the hustle all the time.

Nearly all the divisions on the Southern Railway are being made larger, and the different trainmasters have more to look after now than ever before.—Durham Sun.

M. & M. Association

The annual meeting of the Merchants and Manufacturers' Association was held last night in their club rooms in the Kat's building. The reports of the officers for the preceding year were read, after which officers for the ensuing year were elected. Mr. R. F. Dalton was elected president, Mr. E. Garsd, first vice-president; Dr. G. A. Mebane, second vice-president, and Mr. W. T. Stewart, secretary and treasurer.

THE WATER WORKS.

A Question of Much Moment Now in High Point.

TELEGRAM BUREAU, HIGH POINT, N. C., Jan. 11.

Opera house tonight.

C. J. Cox came up from Asheboro yesterday.

D. J. Moon, of Cleveland, Ohio is a city visitor.

H. F. Bushong, of New York city, was here last evening.

P. D. Morrison represented Wells-ville, Pa., here yesterday.

G. F. Hankins came over from Lexington Wednesday morning.

Miss Effie Lowe and C. C. Hudson, of Greensboro, were in the city yesterday.

A gentleman by the name of Briggs has moved his family from Greensboro here.

Tom F. Wrenn, of the Catawba furniture factory, Marion, returned last night, after spending several days in the city.

Frank Jones, of Roanoke, Va., is with E. C. Lovelace, proprietor of the Rhodes barber shop on Main street, where they both will be pleased to serve you.

The High Point shirt factory, in the Ragan-Millis building, is in operation. This plant already gives employment to a large number of the right men are behind it. Success to you, gentlemen.

Messrs. A. E. Tate, Wm. A. Ring and others are attending the poultry show at Charlotte today. Mr. Tate has some fine birds on exhibition and it is probable that he will carry away several prizes.

Be sure and attend the public meeting in the opera house tonight. The water works question will be discussed. Every citizen of High Point should be interested in it's great movement for the betterment of our town. Only a few days now intervene before the election and every voter here should consider well before casting his ballot into the box next Tuesday, Jan. 16th.

A GOOD IDEA.

Connect Greensboro and the Battle Ground by Cars.

A prominent citizen remarked a day or two ago that Greensboro needs street cars worse, almost, than anything under the sun. He says there should be a car line traversing the principal streets of the city, taking in the colleges, and extending out to the Guilford Battle Ground.

The idea, while not a new one, is nevertheless a good one. We need no argument to establish the fact that the cars are needed here in the city. We do not believe the statement that the city's welfare demands a car line will be controverted.

Only a few days ago the writer was showing a gentleman from another state over the city and after riding for two or three hours and scarcely getting beyond the city limits, he suddenly exclaimed: "It is the strangest thing conceivable that Greensboro hasn't a street car line. I don't know a city anywhere covering so much territory that is without street cars."

Visitors to the city are, almost without exception, impressed with the inviting field for a street car line. Like the visitor above quoted, it is strange that a street car line has not been inaugurated and pushed through that would give us street cars. The foggy and puerile argument that people would move to the outskirts to avoid taxes should be laid aside. If any should do so, what would become of the property they leave? Would they then turn the lots out to grass? Suppose some should sell their property to the city and build outside the corporate limits, wouldn't the purchaser of the city property be liable for city taxes?

Such stuff is to weak to hold water. It is absolutely nonsensical. But about the Battle Ground connection. It is worth considering. That historic spot offers a splendid chance for a park that would be of national interest. The natural advantages are superb. There are already many improvements there, thanks to Judge Schenck, aided by the no less patriotic Col. Jos. M. Morehead. They have been untiring in their efforts to improve the grounds, erect monuments, establish a museum, etc.

This work should bear fruit. The scene of the battle of Guilford Court House, fought during the only war in which Great Britain has ever been licked, should be marked by improvements that will force it into the notice of the country. The next step in this direction is to connect it with the city by quick transportation. Look at Richmond. A car line now runs twelve miles to the battle field of Seven Pines, and there are lines to other historic places around the Confederate capital.

A beautiful park at the Battle Ground would go far toward making a street car line pay. The argument is used that a car line here would not pay if it is built with a view to making it pay it will pay. If it should run only from the depot to the court house it would most likely be a failure. But give the people somewhere to ride and something to ride for and they will ride.

The Battle Ground is already an interesting place. Let it be improved and fix a way to get there quickly and at small expense, and there is no question about the result. Let's have the carline.

MOST FRIGHTFUL MASSACRE

Boers and British in a Hand-to-Hand Conflict.

BRITISH DEFEAT WAS COMPLETE

Colonel Kitchener a Prisoner—Censor Withholds the News—British Lose 200 Killed.

By Cable to THE TELEGRAM.

London, Jan. 11.—News of a frightful massacre of British troops caused by a blunder in battle, in which the East Surry had a hand to hand fight with West Yorkshires before the mistake was discovered, reached England today. Orders were given to attack the Boer position near Willow Grange at daybreak. The East Surry had the left of line, and the West Yorkshires reached the scene of battle, they were charged by a Boer sentinel, and each battalion supporting the other to be Boers, opened fire. After a sharp exchange of rifle fire, the Surrys charged up the hill held by Yorkshires and a desperate hand-to-hand fight with bayonets began. Both sides fought with stubborn valor, and before the battle was over more than two hundred lay dead or wounded. Then the Boers, two thousand strong, charged, and the British were driven in disorder from the field. Only the prompt charge of the Imperial light horse and British mounted rifles saved the two infantry regiments from annihilation. Col. Kitchener and his brother Sir John, who commanded the British, and Maj. Hobbs, who commanded the Yorkshires, were captured. The British defeat was complete; loss two hundred. The censor withheld this news some time.

London, Jan. 11.—General Lord Methuen, commander First Division, British army, stationed at Modder River, has been recalled. It is stated here that he is mentally unsound. Insanity is hereditary in his family. Buller's health declared to be in a precarious condition. There is talk of recalling him and putting General Warren in command.

London, Jan. 11.—A Rensburg despatch states that the British hold a position on the Boers' right, commanding Coleridge bridge road.

Capetown, Jan. 10.—A man just returned Rensburg says that General French holds a very strong position. He has hemmed the Boers in on three sides, and that there is now only one exit open to them. Another two thousand men would enable him to surround the enemy. The reverse of the Suffolk regiment does not effect situation anyway.

Modder River, Jan. 11.—Forty-one Boer prisoners were yesterday sent to Cape Town. Among them were the second and third leaders' commander. The documents seized include the political records of the residents of the country within 50 miles of Sunnyside.

London, Jan. 11.—The war office denies the report published in the United States that General Methuen has been recalled.

Lorenzo Marques, Jan. 11.—Several Portuguese who were on their way to join the Boers, have been intercepted by the frontier police. Nobody in the future will be allowed to pass the frontier without a permit from the government.

London, Jan. 11.—A report is current in military circles that a battle is in progress at Tagela river.

IT IS A PLEASURE.

Good Country Roads Are Taking the Place of Gulleys.

It is a pleasure—or was a pleasure just before this rain began—to drive out in any direction from Greensboro. Graded roads have taken the place of the old hills and gulleys which Guilford farmers have in past ages and down almost to the present time been wont to climb up and down and through.

This is a source of pleasure, we say, but the work is yet in its infancy. Graded roads are better than the old gully system with mounds and bumps, but they are merely the first step toward good roads. The work will not be done until macadam is placed. For example drive out Summit avenue and continue out into the country as far as North Buffalo. A blind man would not have to be told where the macadam on Summit avenue ends and the dirt of the graded road begins.

We have asserted that good country roads are taking the place of the old roads. This is only true so far as graded roads are an improvement over the old roads. They are "better" but not "good roads" in the full meaning of the term.

We are assured, however, that permanent improvement will soon begin. Rock crushing will commence and it is probable that a large steam roller will be purchased and we may expect the work to begin in earnest. Once begun it will continue. A few small sections of "good road" will insure a vigorous prosecution of the work of building more.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them, also old, running, and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains. Best pile cure on earth. Kaiser's Veiled Threat.

Determined That Germany's Honor Shall Be Protected.

Stuttgart, Jan. 10.—Emperor William, in a dispatch to the King of Wurtemberg, thanking him for assuming the patronage of the Wurtemberg Committee of the Naval League, says: "I hope the events of the last few days have convinced the ever widening circle that not only Germany's interests, but Germany's honor must be protected in distant seas, and to this end Germany must be strong and powerful on the sea also."

London, Jan. 10.—A high official of the German embassy had a long conference at the American embassy today, and the diplomats are believed to have discussed the course taken by each country with regard to the Dago Bay seizure. Both the United States and German Embassies are now anxious to obtain a British declaration in regard to the treatment of neutral ships hereafter, and it is believed they exchanged views on the subject.

There is every indication that the present difficulties will be settled amicably. It is expected that the American fleet will speedily reappear, while the release of the German steamer General is believed to prelude the liberation of the Herzog.

Washington, Jan. 11.—It is stated here on authority that this Government is not co-operating with Germany in any other government in representations to the British government respecting the seizure of goods destined for Portuguese East Africa. The difference between the cases of the seized German vessels and the seizures of American goods, the latter in British vessels, is so pronounced that the same principles would have no application.

The final answer of the British government to our representations made last week is not expected for several days.

Little Boy Killed Instantly.

A friend in writing to the Winston Sentinel from Shore, Yadkin county, says: This community is shrouded in gloom over the sad and untimely death of little Hobart North. While playing with his papa on last Thursday he touched a stay that was supporting a heavy wooden pipe which fell across his head, causing instantaneous death. He was four years old, very bright and intelligent for his age; was the pet of the family and the favorite among the children of the community. The funeral services were conducted by Rev. Wesley Doud, on Saturday.

Three Chiefs Killed.

By Cable to THE TELEGRAM.
Brussels, Jan. 11.—Soler today says a detachment of the Congo Free State troops under Baron Dhanla, the Belgian Commander, had two battles with the rebellious Batatolas, early in October, and that ninety Batatolas were killed. There were no casualties on the Congo side. Among the killed were three chiefs.

THURSDAY, JAN. 11, 1900.

We are frequently asked why it is that the progressive city of Greensboro is without a hospital. There is not another city in the state the size of Greensboro but that has an up-to-date hospital. We were in conversation yesterday with a prominent physician, who remarked that he very often had cases that ought to be cared for in a hospital. He believes that if somebody will start the movement it can be carried through. Who will start it?

It is announced in a special sent out from Washington that Hon. R. B. Glenn, of Winston, will be a candidate for the United States Senate to succeed Senator Pritchard, whose term expires in 1903. It is a long time off yet, but there are many people in this part of North Carolina at least, who are figuring on Glenn as the proper man to succeed Pritchard. Ability and conscientious convictions are on his side, and if party service is to be considered no man in North Carolina is more deserving.

There's a hot time on in Kentucky. The fight did not end with the election at the polls, but is being waged with greater fury in the legislature. It is now stated that Goebel has opened war on the Louisville & Nashville railroad and will try to have its charter annulled. And the papers for several days have been full of stories of armed men and detachments of the state guard who were on the ground at Frankfort to see this or that done. That's a wretched state of affairs. When will men learn to obey law and constituted authority. If a mob is to force the enactment of laws when will there be a law that will effectually deal with mobs.

MOLINEUX NOT THE MAN.

Woman Who Sold the Bottle Holder Positive.

New York, Jan. 10.—Emma Elizabeth Miller, the young woman who sold the silver bottle holder which was enclosed in the box with the bottle of bromoselizer that was sent to Cornish, was on the stand a large part of the day at the trial of Molineux. After Molineux had been ordered to stand up in order that Miss Miller might have a good look at him, she swore she was absolutely sure he was not the man she sold the holder to. At the conclusion of her cross-examination the district attorney reopened the direct examination and tried throughout the greater part of the day to break down her testimony, but without success.

Two more bank experts swore they were convinced that Molineux wrote all the disputed writings.

A CURIOUS DISPATCH.

Buller Thought to be Preparing the British for Terrible News.

London, Jan. 11.—The following dispatch, dated at Frere Camp, January 10, noon, has been received by the war office from General Buller:

"A Transvaal telegram gives the enemy's loss at Ladysmith on Saturday as 4 killed and 15 wounded, and this after it is admitted, they had endured a withering fire from six masked batteries and been defeated at all points. Natives here assert that the Boer loss in one command alone was 150 killed and wagon loads of wounded. The heaviest loss is said to have been among the Free Staters, who were forced by the Transvaalers into the most dangerous."

This curious dispatch is all the War Office has issued tonight. It makes not the slightest mention of the position or doing of the British forces. It may be interpreted to mean that Ladysmith is safe, but it is more likely intended to prepare the British public for a terrible list of casualties.

MEMORY OF MR. HOBART.

Daniel, DePew, Morgan and Others Deliver Addresses.

Washington, Jan. 10.—Beautiful and impressive tributes were paid by the senate today to the memory of the late Vice President Hobart. His intimate personal relations with many senators and his close official affiliation with all of them rendered his death a distinct loss to every member of the body, as well as to the country. It was in commemoration of his illustrious career and his distinguished public service and of his private character that the senate set apart the session today for the pronouncement of eulogies upon him. Personal friends and associates joined in paying such sincere and eloquent tribute to the memory of Mr. Hobart, to his character and public services, as have been seldom paid to any public man. Addresses were delivered by Senators Sewell, of New Jersey; Daniel, of Virginia; Depew, of New York; Cockrell, of Missouri; Cullom, of Illinois; Davis, of Minnesota; Morgan, of Alabama; Chandler, of New Hampshire; Lodge, of Massachusetts; Caffery, of Louisiana, and Allen, of Nebraska.

Early in the session, Mr. Hale, of Maine, introduced a resolution of inquiry addressed to the department of state as to the seizure of American flour by the British authorities, which aroused more than usual interest because of its attitude toward Great Britain. To the statement that the property was unjustly seized, Mr. Platt, of Connecticut, took exception, believing it ought to be modified.

Mr. Hale said the resolution presented a matter of vital importance and he believed Great Britain ought to be informed of the sentiment in this country. On objection by Mr. Lodge, the resolution went over. Mr. Hale's resolution follows:

"Whereas, property of citizens of the United States, contraband of war, has been lately seized by the military authorities of Great Britain and near Delagoa Bay, South Africa, without good reason for same, and contrary to the accepted principles of international law, and

"Whereas, said property is now unjustly detained by the military authorities in Great Britain in disregard of rights of the officers of the same, therefore, be it

"Resolved, by the senate of the United States, That the secretary of state is hereby required to send to the senate all information in possession of the state department relating to said seizure and detention, and also inform the senate what steps have been taken in requesting the restoration of property taken and detained as aforesaid, and whether or not the department has informed the proper British authorities that if said detention persisted in such act will be considered as without warrant and offensive to the government and the people of the United States."

The members of the senate then delivered eulogies on the late Vice President. Mr. Sewell, of New Jersey, was the first speaker, followed by Mr. Daniel, of Virginia, who spoke of the dead statesman's profound influence for good.

Mr. Depew paid eloquent tribute to the memory of Mr. Hobart, who was a long time personal friend. Mr. Depew, who thus addressed the senate for the first time, was at his best in voice and his oration was listened to with deepest attention.

Mr. Morgan, of Alabama, pronounced Mr. Hobart a type of the perfectly rounded American character. That was a great character which had been developing for hundreds of years, and he thought no higher eulogy could be pronounced upon a man than that he had attained such a character.

Mr. Caffery, of Louisiana, said he regarded Mr. Hobart as the highest type of American manhood, justice and nobility.

After other eulogies, the senate adjourned.

MR. KITCHEN ADDRESSES THE HOUSE.

Washington, January 10.—Miscellaneous business of minor importance occupied the attention of the House today until ten o'clock, after which an hour was devoted to eulogies upon the life and public services of the late Representative Greene, of Nebraska.

Mr. Kitchen, of North Carolina, was among the speakers. The house then adjourned until Friday.

Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung trouble generally endorsed by physicians. Only 75-cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

BALFOUR DEFENDS HIMSELF.

And Gives Reasons for Disasters Met by the British.

London, Jan. 10.—A. J. Balfour, the government leader in the house of commons, at a luncheon given in Manchester this afternoon, made a speech in which he repudiated the accusation that he was a "thick and thin supporter of the war office."

He declared that if an angel from Heaven told him it was possible in a great war to carry out everything as written out on paper he should know that the angel was drawing upon his imagination. It was not true, he added, that the war office had sent the British army into the field with guns which placed them at a hopeless disadvantage with their enemies. He did not claim that the system was perfect, but the critics ought not to ignore the extraordinary military problem of the present war, between which and the problems with which continental headquarters' staffs had to deal there was no parallel. For the first time in the history of the world the country had to meet an enemy entirely mounted, and it was true that if Great Britain had entered into the war with a vast number of mounted soldiers it would have long before been concluded. Hereafter, also, it would be recognized that guns were not as mobile as horse soldiers, and that field artillery must be made part of the equipment of every army. But, seeing that the British war office had not lagged behind the best military opinion of the day, it was ludicrous to charge it with want of precision. He was sure justice would be done in due time to the administrative system of the army. The last thing the government desired was any undue concealment of unpleasant facts.

It has been demonstrated repeatedly in every state in the union and many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. I have become the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by C. E. Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found any thing that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by C. E. Holton, druggist."

DOCTOR KILLS A BABE.

Seized With Insanity While Examining It.

Hampton, Ia., Jan. 10.—Dr. G. W. Appleby, for several years the leading physician at Bristol, Butler county, last night in a fit of insanity, killed a ten-months old child of Henry Westly, of this place while making an examination of it in Dr. Hobson's office in this city. The parents had brought the child to Dr. Hobson's office to be treated for some trifling ailment, and before he had time to attend to it was called out.

Dr. Appleby, who was visiting Dr. Hobson, was in the office, and the latter suggested that Dr. Appleby should make the necessary examination, which, as soon as Dr. Hobson had left the office, he proceeded to do. He took the child in his arms and handled it so roughly that the parents protested but to no avail.

Suddenly he put his thumbs under its chin, and, with his fingers on top of its head, crushed its face in so that blood gushed out of its nose and mouth. Then jumping up, he seized the child by one foot and began swinging it around his head, resisting all efforts of the terror stricken parents to stop him, and it was not until help was called in that the child was taken from him. It was quite dead.

Appleby declared that God had taken the child. The insane commission was immediately convened, and at midnight Appleby was on his way to the hospital for the insane at Independence.

Three or four hours after the occurrence he seemed comparatively rational and said he knew what he was doing when he killed the child, but could not help it.

The cause of his insanity is supposed to have been religious excitement.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed."

The people who complain that they never get their rights get left.

C. E. Holton, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for influenza, coughs, colds, croup and whooping cough, and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

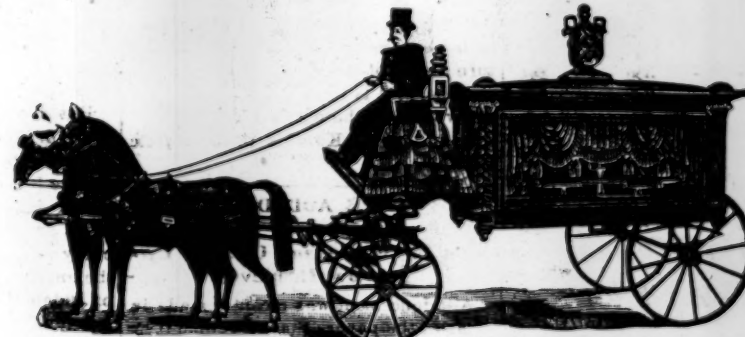

The milkmen are going to have a ball. They will probably all wear pumps.

RECEPTION AND BANQUET

To be Given by North Carolina Society in Washington.

Special to THE TROOP.

Washington, Jan. 11.—The ladies of the North Carolina society have about completed their arrangements for the reception and banquet to be given in this city Friday night, in aid of a proposed monument in honor of the late Gen. Robert E. Lee. The society for several weeks have been hard at work arranging for this banquet, and the indications are that a considerable sum of money will be realized for this purpose. Many prominent southern people will be in Washington for the purpose of attending the reception. Among the guests will be a large number of southern congressmen, and their ladies. Every southern state, including North and South Carolina, Virginia, Texas, Mississippi and Louisiana, will be represented by representatives. The states of Virginia and North Carolina, South Carolina, Tennessee, Kentucky, Georgia, Alabama, Florida, Texas, Mississippi, Louisiana, Arkansas and the district of Columbia will be represented by young ladies, whose special duty it will be to receive the guests from their respective states, and to look after their pleasure and comfort during the evening. Among the representatives will be Miss McLaughlin and Miss Tillman, of North Carolina; Mrs. and Miss Linney, of North Carolina; Miss Chilton, daughter of ex-Senator Chilton, of Florida; Miss Youngblood, of Alabama; Mrs. Vance, widow of ex-Senator Vance; Mrs. Representative Swanson, Miss Cockrell, daughter of Senator Cockrell of Missouri and others.

Among the guests expected will be representatives from all over the southern section of the country, and many northern men as well, among the latter who have accepted being General Hawley, of Connecticut. It is expected that the banquet will be a pleasant and memorable occasion.

The southern contested election cases will come before the house before long, perhaps next week. The first case taken up by the committee on elections is that of Wise vs. Young, of the Second Virginia district, and will probably be the first to be taken up in the house of representatives. This is likely to be followed by the case of Gen. Walker against Congressman Rhea, of the Ninth Virginia district, which will be followed in turn by one of the North Carolina contests. Much interest is felt in the outcome of the North Carolina contests, and when they come before the house the expectation is that a bitter partisan debate will ensue.

General Catchings, of Mississippi, who has been detained at his home since the convening of congress, is expected in Washington in a few days. He has leased his residence here for another year. It is thought the General will be in Washington within a day or so.

The resignation of Cadet Maxwell, over whom Representative Latham and the superintendent of the naval academy came near having a personal encounter, will be accepted at once.

Mrs. J. W. Butt, mother of Captain Archibald W. Butt, the well known Washington newspaper correspondent who was recently appointed to captaincy in a Philippine regiment is in the city visiting her son. Mrs. Butt will remain in Washington city until Captain Butt takes his departure for Manila. It is said that he will leave Washington very soon for his post of duty, as he is very anxious to get into active service in the Philippines. It is said that he will visit the south before proceeding on his long journey.

J. Edgar Burke has been commissioned postmaster at Kimbombe, North Carolina.

James T. Winkat has been commissioned postmaster at Wilbanks, North Carolina.

Among North Carolina people in Washington are Messrs. A. S. Davis, of Henderson; H. S. Survis, of Goldsboro.

"I am indebted to One Minute Cough Cure for my health and life. It cured me of lung trouble following grippe." Thousands owe their lives to this never failing remedy. It cures coughs, colds, croup, bronchitis, pneumonia, grippe and throat and lung troubles. Its early use prevents consumption. It is the only harmless remedy that gives immediate results. Howard Gardner.

When the "absent-minded beggar" comes around it seems a natural thing to unchain the dogs of war.

J. I. Berry, Loganton, Pa., writes I am willing to take my oath I was cured of pneumonia entirely by the use of One Minute Cough Cure. I was cured after doctors failed. It also cured my children of whooping cough. Quickly relieves and cures coughs, colds, croup, grippe and throat and lung troubles. Children all like it. Mothers endorse it. Howard Gardner.

"Are you not ashamed to give short weight?" asked the elderly lady. "Oh, it's the weight of the world," responded the shopkeeper.

VERDICT WILDLY CHEERED.

Julia Morrison, the Actress, Acquitted of Murder.

Chattanooga, Tenn., Jan. 10.—The trial of Julia Morrison for the murder of Frank Lidenheimer, of the "Mr. Plaster of Paris" company, of which they were leading man and lady on the stage of the Chattanooga opera house on the night of September 23d last, ended at 4 o'clock this afternoon, when the jury returned a verdict of not guilty. Miss Morrison, upon hearing the words which insured her freedom, advanced to the speaker's platform and made a most dramatic speech to the court and the jury. She said: "I wish to thank you and the gentlemen of the jury and all who were instrumental in my acquittal for your just and generous decision. May God, in His mercy, be ever as just to you and yours as you have been to me today. As for the prosecution, I wish to say that I fully forgive them, and bear them no malice for their strenuous efforts for my conviction. "As to my persecutors," she continued, turning to Mrs. George J. Antz, the beautiful sister of the murdered actor, who was overcome with emotion and suffused in tears, "I leave them to their conscience and their God. To the poor, bereaved sister, I say that God knows, were it in my power to restore her brother to her, I would certainly do so."

When Miss Morrison had finished her speech, which she had rendered in a dramatic style, Attorney General Donaldson made a demand that she be held for carrying a pistol and the case was entered, but no ball or other formal court recognition was accorded the actress.

The verdict was wildly cheered by the spectators in the courtroom and by hundreds outside. Miss Morrison will remain in Chattanooga for several weeks, after which she will begin a lecture tour, her subject being "The Other Side of the Stage," in which she will point out the dangers that confront the young girls who follow the stage as an occupation.

FOUR NEW ADMIRALS.

Nominations Made to Equalize the Sampson-Schley Controversy.

Washington, Jan. 10.—The president today sent the following nominations to the senate: To be rear admirals, Henry L. Howison, Albert Kautz, George C. Remy and Norman H. Parquhar.

This action of the president is to equalize the Sampson-Schley reward controversy.

The advancing of Sampson and Schley respectively eight and six numbers for services in the West Indian campaign placed them in the grade of rear admiral. They were appointed as such last August, during the recess of the senate. The senate did not act on them.

If they had not been appointed rear admirals during the recess, Howison, Remy, Kautz and Parquhar would have been advanced from the then existing grade of commodore to that of rear admiral. The nominations sent to the senate today were made in order to give the four officers rank as rear admirals from the dates of their natural promotion to that grade and permit them to draw their pay as such from that time until they were actually promoted.

THE SEAT OF WAR.

Roberts and Kitchener: Arrive—Death From Fever.

Cape Town, Jan. 10.—Generals Roberts and Kitchener have arrived here.

London, Jan. 10.—A dispatch from Pietermaritzburg, dated January 9th, states that General White, at Ladysmith, reports the death of three officers and nineteen men from fever.

Modern River, Jan. 8.—The British are clearing away brushwood in front of the Boer lines and raising farm houses situated between them and the enemy whenever occasion permits. The work is risky, but thus far there have been no casualties. These preparations are interpreted to mean that Meihuhen intends to move shortly.

The war office has just published an additional list of eleven men killed at Nicholson's Nek.

Two Murderers Lynched.

Brownsville, Tenn., Jan. 10.—Additional details of the double lynching near Ripley show that Rube and Frank Givney, brothers of the men charged with the murder of Peace Officer Will Turner and Albert Durham, were hanged by a mob late last night. They were charged with being implicated in the murder. Henry and Roger Givney, charged as the main participants in the double crime, are now being pursued by a mob of 600 people and another double lynching is expected.

Steamer at Sea.

Lon'on, Jan. 10.—The Spanish steamer Ramon de Larrinaga, Captain Bonga, which arrived at Manchester January 7th, spoke to the disabled steamer Edmondo, Captain Fyson, from Pensacola, for Amsterdam, in latitude 40, longitude 55, on December 25th. The following day the crippled vessel was taken in tow, but the weather grew worse, all the hawsers broke, and she was abandoned 480 miles from Halifax.

Britane's Reply Unsatisfactory.

Berlin, Jan. 9.—The first British official reply to Germany's request for an explanation arrived today from Salisbury, but is deemed unsatisfactory, although the Foreign Office admits that the tone of the British answer is conciliatory and that its argument is plausible from the British viewpoint.

The main difference is over the interpretation of the right of search.

Hurdered and Eaten.

London, Jan. 9.—Mail advices from New Britain report the massacre of the captain and crew of 15 men belonging to the British schooner Nulucman, of South Wales, while trading among the Admiralty Islands. Only three boys escaped. The natives after murdering the sailors inaugurated a feast and ate their victims.

GLENN FOR SENATOR.

Announces That He Will Be a Candidate to Succeed Pritchard.

A Washington special to the Atlanta Journal says:

"Colonel Robert B. Glenn, of Winston, N. C., will be a candidate for the United States senate to succeed Pritchard, republican, whose term expires on the 3rd of March, 1903. Colonel Glenn, who is in the city, made this statement today, the first announcement to this effect that he has made.

"I shall be a candidate and I want a senatorial primary, so that the people may pass upon the matter. If I am chosen I shall represent the people of my state to the best of my ability. If some other candidate is chosen I shall support him with all the loyalty and earnestness that a good democrat can possess."

Colonel Glenn is one of the most prominent democrats in North Carolina. He is a member of the law firm of Glenn and Manly, Winston, and was United States district attorney during Cleveland's last administration. Manly, his partner, has been chairman of the state executive committee, and is also a prominent politician.

In the race for Pritchard's seat the announcement of Glenn is the first made.

There is not the slightest doubt that democrats will fill these two seats when the terms of the incumbents expire.

"Speaking of the constitutional amendment," said Colonel Glenn, "we shall ready it by 50,000 majority. It is constitutional, so decided by the best constitutional lawyers of this country, and even a great many republicans will support it—men who are tired of the ignorant vote."

Colonel Glenn will issue an address on this subject on his return to the state.

"I always make it a point to attend strictly to my own business," remarked the young man who was after a job. "I don't think you'll do," said the merchant; "the last clerk I had attended so strictly to his own business that he had no time to attend to mine."

"I was suffering

with what the doctor called chronic indigestion, torpid liver

and vertigo," says Mrs. Martha B. Barham, of Newell, N. C. George Co., Va. "My symptoms were: Stiffness in the head, pains in my chest and an uneasy feeling all over. I also had female weakness. I was all run down, and could not do any work without suffering from nervous attacks, so I wrote to you. You advised me to use Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription.' I used five bottles of each. I gained in health and strength. When I commenced to use the medicines I weighed only 115 pounds, now I weigh 140. My husband and friends all thought that I would die, but I am a well woman."

Mrs. Barham's experience is not singular. Thousands have given similarly strong and earnest testimony. There are no other medicines in the world that have such a long and continuous record of cures.

There are no other medicines "just as good" or "just the same" as Doctor Pierce's. All valuable things these medicines are sometimes imitated. Don't be imposed upon. See that you get what you ask for.

If you have any doubt as to the nature of your ailment write fully, giving your symptoms, to Dr. R. V. Pierce, chief consulting physician, Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He will consider your case carefully, and will tell you, absolutely free of charge, what to do to get well.

R. D. Gilmer, of Waynesville, is here to attend the meeting of the Normal directors tonight.

Thacker and Brockman call your attention to carpets and carpet prices today, in their new advertisement.

It is very probable that the county commissioners are going to get a steam roller to use on the county roads.

Hon. Charles H. Mobane is expected to arrive from Raleigh at 6:30 tonight to attend the meeting of the Normal directors.

Dr. J. M. Spaulding, of Lenoir, arrived last night to attend the meeting of the State Normal and Industrial College directors today.

Geo. L. Nunn, with the Bis-Ket Mfg. Co., Baltimore, is in the city advertising the product of his house—a baking powder which is said to be very fine.

John M. Dick, the alert proprietor of the Greensboro Steam Laundry has a new ad in the Telegram today. Read it. He calls your attention to the fact that his wagons are all painted white.

Mrs. J. N. Ingram has purchased a lot corner Walker avenue and Blandwood, and lumber is being placed on the ground for the erection of a dwelling, work on which will begin at an early day.

The rain, in refreshing showers, has been coming along for a day or two, now. It sounds strange to talk about refreshing showers in the dead of winter, but such is the case. The weather has been unusually dry and dusty.

A new soda fountain is being installed at Holt's drug store. It is one of the handsomest and largest in the state, made by Jas. W. Tufts, of Boston. Mr. John W. Gutrie, of Boston, is supervising the erection of it.

IN SPLENDID SHAPE.

Stockholders of Greensboro National Bank meet.

The stockholders of that splendid institution, the Greensboro National Bank, met yesterday afternoon in the offices of their banking house. There was a full attendance and the showing made by the reports of the bank officials was entirely satisfactory. President Ellington's report showed the business to have been larger than any year since the bank was organized. Profits were satisfactory, \$5,000 having been paid during the year in dividends. Remarks complimentary to the management were made by several of the stockholders.

The old board of directors was re-elected as follows: W. J. Armfield, of the National Bank of High Point; W. H. Ragan, of High Point; J. M. Odell, of Concord; W. E. Bevil, W. S. Hill, Logan McColloch and Nell Ellington. The following officers were re-elected: Nell Ellington, president; W. S. Hill, vice president; A. H. Alderman, cashier; M. S. Sherwood, teller; F. C. Boyles, head-bookkeeper; W. M. Ridenhour, bookkeeper. Two or three others were elected in the capacity of clerks, collectors, etc.

That delayed shipment of boys and little girl's shoes came in at last this morning. It took them a long time to get here but they opened up all right when they did come. The little girl's shoes have very low common sense heels, a decided improvement on spring heels. Sizes in these are from 8 to 13, price \$1.25. The boys' shoes, sizes running from 1 to 5, are the best we have seen for the price, which is \$1.50. For boys who are particularly hard on shoes we especially recommend our stout quilted bottom satin calf shoes. These have steel slugs in the heels to prevent running over and are made to stand rough weather and rough wear.

Getting at the Bottom.

Funny when you come to think of it that the only way for a merchant to get to the top is to get to the bottom in prices. We don't like to boast but we know that our bottom prices are the genuine thing. Investigate for yourself tomorrow—Bargain Day.
